

## Re-using\_std\_scaler

August 19, 2022

```
[5]: from pickle import load  
import pandas as pd
```

```
[2]: std_scaler = load(open('std_scaler.pkl','rb'))
```

```
[3]: std_scaler.mean_, std_scaler.scale_
```

```
[3]: (array([125900.]), array([35764.36774221]))
```

```
[8]: std_scaler.transform(pd.DataFrame([1,2,3]))
```

```
[8]: array([[ -3.52023558],  
          [ -3.52020762],  
          [ -3.52017966]])
```
